022516	Hi Wind Cover 10 (Suitable for WS 10)	\$ 70.00
022511	Hi Wind Cover 295 (also fits old Code I WS)	\$ 72.00

Small and Medium Modular Suspensions and Modular Windshield Kits 1-6 are supplied with "Lyre" Suspension webs and Connbox 1 v2 as standard. The lyres fitted to these Modular Windshield Kits are black Universal (19-25mm) webs, but also included are a pair of MKH lyres, suitable for Sennheiser MKH slab-sided microphones.

Large Modular Suspensions and Modular Windshield Kits 7 & 8 are fitted with gray Universal lyre suspension webs - the gray material is stiffer than the standard black and therefore allows better support for longer microphones. Large Suspensions and Modular Windshield Kits 7 & 8 are supplied with a 450mm (18") ultra-soft XLR-3F to XLR-3M mic-tail cable.

The 5L Kit (for Sanken CSS-5) is fitted with a pair of gray Universal (19-25mm) lyre suspension webs. The Modular Windshield Kit 10 includes black Universal (19-25mm) Suspension webs and Connbox 1 v2.

All Mono Modular Suspensions and Full Windshield Kits include a Pistol Grip Handle & Boom Adaptor.

S-Series Windshield Kits

010305	S-Series 250 Kit - S-Series Universal Suspension, 125/125mm Windshield Pods and XLR mic tail	\$ 269.00
010301	S-Series 300 Kit - S-Series Universal Suspension, 180/125mm Windshield Pods and XLR mic tail	\$ 269.00
010302	S-Series 330 Kit - S-Series Universal Suspension, 180/150mm Windshield Pods and XLR mic tail	\$ 269.00
010303	S-Series 375 Kit - S-Series Universal Suspension, 225/150mm Windshield Pods and XLR mic tail	\$ 269.00
010304	S-Series 450 Kit - S-Series Universal Suspension, 225/225mm Windshield Pods and XLR mic tail	\$ 269.00

The S-Series is suitable for microphones 19mm (3/4") to 25mm (1") in shaft diameter. Max length (S-450) is 410mm (16"). Refer to the Microphone Sizing Chart or rycote.com for microphone compatibility.

An identical suspension is central to all S-Series size Kits. You can swap out the various size Pods to accommodate a wide array of different length microphones. Additional individual Pods are listed below.

010404	Pod U125 only for S-Series, 125 mm	\$ 85.00
010401	Pod U150 only for S-Series, 150 mm	\$ 85.00
010402	Pod U180 only for S-Series, 180 mm	\$ 95.00
010403	Pod U225 only for S-Series, 225 mm	\$105.00

The Rycote Softie Windshield System is the culmination of 22 years of ongoing development providing a robust and extremely effective push-on windscreen. The Softie is made of an acoustic foam core with an integral fur cover. There are two hole diameters for Softies. **"Standard"** for 19 to 22mm microphones and **"Large" (LH)** for 24/25mm microphones. Lengths in centimeters refers to the internal blind hole into which the microphone is pushed. Proper fit requires that the Softie covers all of the slots along the length of the microphone. You should cover any remaining recessed switches with tape. To find your Softie please refer to the Microphone and Camera Microphone Sizing Chart or go to rycote.com.

CODE	DESCRIPTION	PRICE	CODE	DESCRIPTION	PRICE
Softie Windshield Front Only			Softie Kits - Softie with Lyre Mount & Handle		
033012	5cm Standard Hole Softie	\$99.00	Suitable for mics which will be predominately hand-held, but with a 3/8 female thread for mounting on a boom pole. <i>Includes premium quality 40cm XLR mic-tail with Mogami 4.8mm quad cable and Neutrik XX connectors.</i>		
033013	5cm Large Hole Softie	\$99.00	033332	12cm Standard Hole w/ Mount & PG Handle	\$229.00

A-5 News Aluminum Boom Pole

- Robust & Strong - Aircraft grade aluminum tubing
- Patented 15° twist triple-cam locking mechanism with no screw threads
- Weight: 640 grams (22.6 oz), 780 grams (27.5 oz) with internal cable

CODE	DESCRIPTION	PRICE
185701	Lightwave A-5 News - 5 section aluminum boom pole, Min. Length is 2' 2", Max. Length is 8' 2"	\$ 179.00
185702	Lightwave A-5CC News - 5 section aluminum boom pole as above with internal coiled cable	\$ 269.00
187101	Lightwave A-5/G-5 Coiled cable - Coiled cable for A-5 or G-5, Neutrik gold pin XLR connectors	\$ 120.00

All InVision mounts use Rycote's patented, innovative "Lyre" suspension clip technology for uncompromising performance and indestructible durability. An integral cable clamp will hold any 3mm-8mm diameter cables. *A 3/8" to 5/8"-27 brass adaptor is included.*

INV-1, INV-2 & INV-3 are designed specifically for static use on desk and floor stands and podiums, when a discrete profile is essential. The "Lyre" suspension webs of these InVision models have a small profile designed to unobtrusively mount and isolate 'compact' microphones and 'remote capsule' systems.

INV-4, INV-5, INV-6, INV-7, INV-7HG, INV-8, INV-9 & INV-10, INV-10HG models are equipped with mic clips with larger "Lyre" webs that are ideal for either boom pole or stand use providing maximum stability. The "Use with" list for each is just a sample of the many possible microphones InVision will accommodate.

CODE		DESCRIPTION	PRICE
InVision Miniature Microphone Shock Mounts for Studio and Installations			
041101	INV-1	Fitted with 2 x 9.5mm clips and a reducing sleeve. Small bar - 25mm (1"). For stand use only. Allows use of foam windscreen. Use with: Schoeps CCM_L, DPA 4023, 4026, 4028, 4033, 4036, 4053, AKG C747, Sennheiser ME36, MBHO KA/MBP 648A, Audio Technica PRO 35, ATM 350	\$ 62.00

Rycote Lyres offer the ultimate microphone isolation against physical handling and vibrations caused by camera motors.	\$ 79.00

Miniscreen Windshields

The Miniscreen is a hollow shell push-on windscreen. Its unique construction and low profile make it ideal for use with camera microphones. Lengths in centimeters refers to the internal blind hole into which the microphone is pushed. Proper fit requires that the Miniscreen covers all of the slots along the length of the microphone. To find the appropriate Miniscreen for your microphone please refer to the Microphone and Camera Microphone Sizing Chart go to rycote.com. **Sizing for the Miniscreen length is the same as Softies and Smoothies.**

116401	10cm Miniscreen - Push-on mini windshield, 10cm, accepts 19-25mm microphone diameters	\$ 79.00
116402	12cm Miniscreen - Push-on mini windshield, 12cm, accepts 19-25mm microphone diameters	\$ 79.00
116403	14cm Miniscreen - Push-on mini windshield, 14cm, accepts 19-25mm microphone diameters	\$ 79.00
116404	18cm Miniscreen - Push-on mini windshield, 18cm, accepts 19-25mm microphone diameters	\$ 79.00

Miniscreen Mini Windjammers

056401	10cm Miniscreen Mini Windjammer - Fur cover, increases the Miniscreen's efficacy in high wind situations	\$ 42.00
056402	12cm Miniscreen Mini Windjammer - Fur cover, increases the Miniscreen's efficacy in high wind situations	\$ 42.00
056403	14cm Miniscreen Mini Windjammer - Fur cover, increases the Miniscreen's efficacy in high wind situations	\$ 42.00

Smoothie Windshields combine the core of a Softie Windshield with a smooth layer of exterior foam instead of fur. Smoothies thus provide an effective push-on windscreen with a low profile. **Smoothie sizes are parallel to Softies (only up to 18 cm).** To find the appropriate Smoothie for your microphone please refer to the Softie column of the Microphone and Camera Microphone Sizing Chart or go to rycote.com. Smoothie Windshields are available in five colors - Black, Red, Green, Blue and Yellow.
